Temporary Striping for Border Avenue Road and Waterline Improvement Project

Weslaco – To provide for continued safety and traffic control during the Border Avenue Improvement Project, Texas Cordia Construction has placed temporary striping along Border Avenue from 18th Street to Mile 5 North.

Texas Cordia Construction is continuing to work diligently to complete the improvement project. However, there are pending improvement that still must be addressed including the road surfacing of two (2) more inches of asphalt, the completion of the sidewalk and final cleanout which includes restriping.

The estimated completion date for all improvements is set for December 2015, after which time City Staff will review the improvements for substantial completion and allow the contractor the necessary time to address any pending items. City Commission will then considered the improvements for Project Completion.

The City of Weslaco appreciates your continued patience during the completion of the Border Avenue Improvements, as we strive towards making a better Weslaco for everyone.
