

City of Weslaco
Public Utility Department

The City of Weslaco Public Utility Department will be working on a water break on the west side of FM 1015 north of Mile 8 North and south of Diamond Blvd. The repair is estimated to take two to three days to complete. Customers that live in Center Point Subdivision, La Prada Subdivision and La Estancia apartments will be affected and will experience times of low water pressure. We will notify residence of the affected areas before commencing the repair, please prepare accordingly. Please use water sparely limit water usage for domestic usage such as cooking and bathing refrain from washing your car or watering the lawn for June 11-12, 2012. Please contact the Public Utility Department with any questions 956-973-3146.
